Packaging Content

Earphone X1

Eartips X4
(L/M/S/XS)

Charging
Cable X1

Product Parameters

Item	Specifications
Weight	~28g
Bluetooth	Version 4.2, supported protocols: HSP, HFP, SPP, A2DP, AVRCP BT range: up to 30m. Pairing code: 0000.
Audio specification	Supported Codec: AAC/SBC; Speaker specifications: 10mm High-density dynamic driver, frequency range: 15Hz-22kHz;
Noise cancelling	Passive Noise Cancelling: up to 98% for high frequency; Active Noise Cancelling: up to 98% for low frequency
Power and battery	Rechargeable lithium-polymer battery; music/talk time: up to 10 Hours (medium level, ANC Off); Bluetooth standby time: more than 5days (Earphone Mode, ANC Off);charging time: ~ 1.5 Hours
Operating environment	Operating temperature: 0°C to 50°C; storage temperature: -30°C to 70°C;
Voice reminder	English
Certification	BQB Bluetooth 4.2,SRRC,RoHS,REACH,FCC,IC,CE

* Because of ongoing technical improvements, specifications of the products are subject to change without prior notice.

FCC and IC COMPLIANCE STATEMENT

This device complies with Part 15 of the FCC Rules and Industry Canada License-exempt RSS standard(s).

Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules / with Canadian ICES-003. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception which can be determined by turning the radio or television off and on, the user is encouraged to try to correct interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on another circuit.
4. Consult the dealer or an experienced radio/TV technician for help.

CAUTION STATEMENT

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Correct disposal of This Product (Waste Electrical & Electronic Equipment)

(Applicable in the European Union and other European countries with separate collection systems) This marking shown on the product or its literature indicates that it should not be disposed with other household wastes at the end of its working life.

To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources. Household users should contact either the retailer where they purchased this product, or their local government office for details of where and how they can take this item for environmentally safe recycling.

Business users should contact their supplier and check the terms and conditions of the purchase contract.

This product should not be mixed with other commercial wastes for disposal.

CAUTION

Risk of explosion if battery is replaced by an incorrect type.
Dispose of used batteries according to the instructions.

To prevent possible hearing damage, do not listen at high volume levels for long periods.

CE Mark Warning

RF Exposure Information

The device meets the EU requirements (1999/519/EC) on the limitation of exposure of the general public to electromagnetic fields by way of health protection.

Note: The maximum average emitted power of the device is less than 20mW.

FCC Radiation Exposure Statement: The device has been evaluated to meet general RF exposure requirement . The device can be used in portable exposure condition without restriction.
